Sub: Regarding Advisory Board Membership of Vishal Anand

To Whom It May Concern,

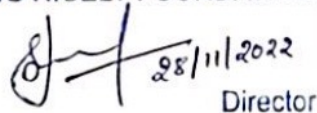

I am writing to confirm that Mr. Vishal Anand, based in USA, has been serving as an **Advisory Board Member** of 'Serving Nicely Foundation' since August 9, 2021. The NGO is a Not-for-Profit Company based in India, incorporated under Section 7(2) and Section 8(1) of the Companies Act of 2013, working in education empowerment. The foundation creates opportunities for the most marginalized to enable them to achieve their potential and intends to uplift the marginalized and financially disadvantaged students.

Vishal has been creating an **Artificial-Intelligent-System** that directly mentors students across varied social and economic backgrounds. He has been leading the artificial-intelligent-assisted education front leveraging his excellent computational expertise in **Natural Language Processing** and **human communication in social-context** to help in our goals.

It is an ongoing and evolving work where students are continually being screened, evaluated, and guided in situations when they cannot afford teachers or when teachers may not be aware of the finer challenges of students' unhealthy backgrounds.

I am his point of contact at the foundation and have direct knowledge of his role and contribution. Please do not hesitate to contact me if you have any questions regarding Vishal's role at the foundation.

Sincerely,
SERVING NICELY FOUNDATION
